Vice President for Finance, University of Wisconsin System Administration

SUBJECT: Report on Positions Created by the University of Wisconsin System in 2009-10

The 2001-03 biennial budget bill, Wisconsin Act 16, included a statutory change [s. 16.505(2p)(a)] allowing the "board of regents of the University of Wisconsin System to create or abolish a full-time equivalent academic staff or faculty position or portion thereof from revenues appropriated under s. 20.285(1)(a)," the major GPR appropriation for the system. It also required that annually, no later than September 30th following completion of the fiscal year, the Board of Regents shall report to the Department of Administration and the co-chairpersons of the Joint Committee on Finance the number of positions created or abolished by the Board under this subsection during the preceding fiscal year.

Section 16.505 (2p)(b) required a memorandum of understanding between the UW and DOA for identifying and accounting for the cost of funding any positions created. The Secretary of DOA and the President of the UW System signed a memorandum of understanding on November 29 and 30, 2001.

Under the terms of the agreement signed with the Department of Administration, the University of Wisconsin System did not create any full time equivalent (FTE) positions in 2009-10.
